MEMORANDUM FOR: Mr. Lloyd

25X1A2E

SUBJECT : - Travel Claim

1. The attached claim appears to be in order for approval, although the General Counsel did not make the flat statement (as is indicated in the conclusions) ". . . that operational considerations did exist . . ." (underscoring added).

2. The General Counsel has indicated that if the Deputy Director (Support) finds that the Chief of Station took what appears to be proper action, under the circumstances he can ratify the commitments made by the Chief of Station.

3. I have prepared an endorsement, draft of which is attached, which covers two points:

a. It would tie the approval into the ratification of the action of the Chief of Station so that there would be no mistaking the page on which it was approved, and

b. It would permit a charge against a current appropriation inasmuch as the appropriation originally charged has now lapsed.

4. If you concur in the endorsement, I will have it typed on for your final signature.
